THOMAS WELFLEY WEB DEVELOPER

thomas@welfley.me | 401 43rd Ave. Apt# 302 San Francisco, CA 94121 | 321.960.6107

I'm really good at building web applications with **Django**, **Celery,** and **Python** on the back end, and **semantic markup**, **CSS**, and **jQuery** on the front end. I can take an idea from inception to deployment either as part of a team or independently. Just say the word and **let's get started building amazing things**.

PROFESSIONAL EXPERIENCE

MATCH STRIKE, LLC | *2009—Present*

Cofounder + Lead Developer
Responsible for envisioning new products and features and then leading their execution. Interacted with and supported numerous clients. Secured an opportunity to pitch our primary product to a prominent seed capital firm. Worked extensively with the **Twitter and Facebook APIs**.

UNIVERSITY OF CENTRAL FLORIDA

Project Manager / Team Lead | *2006—2009*
Led a team of 10 developers in the creation of numerous web applications using **agile processes**. Responsible for project management, technical planning, quality assurance, hiring, and training. Several of the projects I initiated culminated in the reduction of human resource requirements by well over a thousand person-hours per year. In other words, my team and I built cool things that made people's jobs easier.

Web Developer | *2004—2006*
Developed web applications in support of online learning at the nation's 3rd largest university. Rich, accessible (**section 508 compliant**) interfaces was one of my specialties. Went from new hire to team lead in less than two years and had more fun doing it than I could possibly describe.

540 INTERACTIVE INC. | *2003—2004*

Web Developer
Converted PSD based compositions to standards compliant XHTML and CSS. Assisted with the deployment and customization of internally produced, proprietary content management systems written in **PHP**.

EDUCATION

UNIVERSITY OF CENTRAL FLORIDA
B.S. in Computer Science | *2002—2006*
